TWENTY-FOURTH BIENNIAL REPORT

OF THE

**Montana State Board
of Equalization**

TO THE

**Governor and Members of the Forty-Second
Legislative Assembly of the
State of Montana**

FOR THE PERIOD

July 1, 1968 to June 30, 1970

Members of the Board

Howard H. Lord, Chairman

John C. Alley

J. Morley Cooper

Letter of Transmittal

Helena, Montana

December 9, 1970

To His Excellency, Governor Forrest Anderson
and Members of the Forty-Second Legislative Assembly
of the State of Montana:

In compliance with the duty imposed upon the Board by Section 84-708(18) of the Revised Codes of Montana of 1947, the Montana State Board of Equalization herewith submits its Biennial Report for the period July 1, 1968 to June 30, 1970.

STATE BOARD OF EQUALIZATION,

Howard H. Lord, Chairman

John C. Alley

J. Morley Cooper

To His Excellency, Governor Forrest Anderson and Members of the Forty-second Legislative Assembly:
Gentlemen:

This is primarily a statistical report. Traditionally this report has contained the major legislative recommendations of the State Board of Equalization.

During 1970, pursuant to Sections 82-4001 and 82-4002, R.C.M. 1947, this department prepared its first "Annual Report to the Governor" in which was presented a detailed description of the program, the major accomplishments, and the major recommendations of each tax department within the State Board of Equalization. The recommendations in the "Annual Report to the Governor" will be available to legislators and other interested persons. To avoid unnecessary repetition, only major recommendations pertaining to major Montana taxes will be included herein.

The property tax recommendations presented in detail in the Twenty-third Biennial Report of the State Board of Equalization continue to be the major property tax recommendations of this department. Since the Twenty-third Biennial Report has been in the hands of all legislators and is still readily available, the recommendations contained therein will not be repeated here in full. Readers interested in the program, problems, and recommendations of the State Board of Equalization are referred to the reports cited above to supplement the summarized recommendations that follow:

GENERAL PROPERTY TAX RECOMMENDATIONS

1. Sales information is an absolute necessity to measure the legality and equity of the assessment of appraised property. Without such data it is impossible for the State Board of Equalization to know and show to other assessment officials what must be done to achieve satisfactory tax appraisals.

It is recommended that the 1971 Legislative Assembly look favorably to the passage of a "Realty Transfer Act" or similar legislation to enable this department to secure true and complete data to be used in sales ratio studies, which data is, under present procedures, difficult and costly to secure, and in over one-third of the attempts is actually impossible to secure. People involved in transfers of property are becoming increasingly more reluctant to reveal the sale price and other necessary information on the transaction that are requested of them. With the passage of such a law, it would be possible for this department to secure more reliable and complete sales ratio information on a more current basis at a lesser cost.

2. It is recommended that a technically trained forester be added to the staff of this department to assist in the very difficult area of developing and maintaining uniform and equitable valuations for timber and timber lands.

3. An industrial appraiser is also badly needed on the department staff. A previous appropriation for this position proved insufficient to attract a man qualified to fill this job. No one with the training to do this specialized type of appraisal is now available in the state.

4. Specialized appraisal training should be made available to staff appraisers so that they in turn are better qualified to instruct and assist county personnel on an individual basis and also in schools held for that purpose. Yearly appraisal and assessment schools should be held, with the issuance of certificates of competence to those who attend or successfully complete examinations covering the subject material. Highly trained instructors should do the lecturing. The first such school was held in 1970.

5. The technical qualifications and performance of county assessment and appraisal personnel should be improved. Some steps that should lead to such improvement are as follows:

- (a) The Montana Constitution could be amended to eliminate reference to the elective office of county assessor, thus permitting qualified county assessors to be appointed.
 - (b) The Legislature could require that the State Board of Equalization or other state agency establish professional qualifications of assessors and county appraisers and certify applicants as to their fitness for employment on the basis of examinations and past experience and performance and to revoke such certification for good and sufficient cause.
 - (c) Assessors could be appointed to office with no requirement of prior county residence, for indefinite rather than fixed terms, and could be subject to removal for good cause including incompetence.
 - (d) To avoid obstruction to the recruitment and retention of competent professional personnel, the state legislature should not set, or place limits on, the salaries paid assessors or appraisers.
 - (e) The real estate appraisal and all property assessment functions could be put into a single office under the direction of a professional assessor selected as suggested above.
6. The incentive for underassessment by counties created by the school foundation program could be eliminated, by basing state school foundation payment on values determined by the State Board of Equalization rather than upon taxable values determined by county officials. Several states have such legislation. However, implementation of such a law would require much expansion of the state's sales-assessment ratio studies and appraisal program. Upgrading of local assessment by professionalizing the county assessment function would still be needed.

INCOME AND CORPORATION LICENSE TAX RECOMMENDATIONS

1. An additional \$128,000 should be appropriated for the biennium 1971-1973 to expand the audit activity of this department with respect to both corporations and individuals. This appropriation would cover the salary costs of five additional auditors, one additional typist, one part-time clerk-typist, and five part-time clerks required in connection with audit work. It would also cover the cost of auditor travel expense and the cost of required office equipment.

An adequate audit program is of fundamental importance to proper administration of income taxes. Montana is currently faced with the same problem as the Internal Revenue Service—as the number of returns filed increases, and as the complexity of the law increases, the result is that the number of returns and the number of items requiring audit increases, thus consuming more audit resources and compounding our problems in an already understaffed function.

In regard to the personal income tax, our present computer audit selection program shows clearly that many hundred more returns need examination beyond mathematical verification. There remains too large an area of possible differences between Montana and Federal taxable incomes to rely extensively on Federal audits, particularly in view of the fact that not more than 3% of Federal returns are actually being audited. We fully recognize that no revenue agency can hope ever to audit all returns which appear to need examination, but we think it essential to work to that end. We are convinced we should increase the number of returns examined by approximately 50%, and we can do so without significantly reducing the rate of return in relation to costs. Moreover, there is a distinct probability that the Internal Revenue Service will insist upon the various states performing selected audits as a part of the price of continuing existing state and federal exchange of information agreements.

In regard to the corporation license tax, due to a relatively recent large increase in the number of corporations, our existing Corporation License Tax staff is strained to perform its routine duties and office audit work. It cannot perform field audits.

For at least twenty years the need to perform audits of multistate corporations has been conceded by all knowledgeable persons. Nevertheless, it has not been possible to secure the funds required to perform this work. Admittedly, an out-of-state audit program would be expensive, but it would pay for itself many times over in additional revenue. The cost could be minimized by starting the program with one or two auditors who, over a period of two years, could cover many of the larger firms doing a substantial volume of business in Montana. Once the program has proved itself it could be expanded.

It should be pointed out that the audit of multistate corporations presents a problem to every state imposing a net income tax on corporations. The Multistate Tax Compact is in the process of developing a joint reciprocal audit program which should help every member state solve the problem, in part. Under this program it will be essential that we have manpower available to perform field audits.

MOTOR FUEL TAX RECOMMENDATIONS

1. In order to insure the state that all taxes are being properly paid when due, and in order to keep current with the increase in taxpayers, additional personnel is needed. Nearly one-half million dollars was assessed on tax deficiencies in the last fiscal year as a result of auditing and examining taxpayers' records.

The following additional personnel are needed: two additional auditors for in-state auditing and taxpayer assistance in the areas of gasoline refunds and special fuel taxes; one additional auditor to travel out of the state to audit interstate special fuel users; one additional auditor to perform office audits on special fuel users; and one additional office auditor to assist in examining gasoline refund claims.

CORPORATION LICENSE TAX

In compliance with the State Board's recommendations the federal tax was eliminated as a deduction by the 1959 Legislature. This has resulted in additional corporations being required to pay in excess of the minimum filing fee.

	1969	1970
Total Taxpaying Corporations.....	7,850	7,900
Total Collections.....	\$8,155,001.64	\$9,683,132.81
Less Refunds Issued.....	85,007.64	87,229.22
Net Revenue Collected.....	\$8,069,924.00	\$9,595,903.59
Number of Small Business Corporations.....	1,709	1,836
Number of Corporations Paying Minimum Tax.....	4,326	4,782
Deficiency Audits.....	\$ 148,053.85	\$ 218,553.44
Interest Assessed.....	7,215.99	5,944.48

New Cases Filed During Biennium.....	8,900	
New Cases Closed During Biennium.....	8,181	

All inheritance tax collections are transferred to the State General Fund.

CHAIN STORE LICENSE TAX

The chain store license statute requires a graduated license fee on all stores doing business within Montana. Under amendments effected by the 1955 Legislature, operators of establishments of this nature who fail to renew their license by March 1st of each year are penalized by being assessed double the original fee. New stores opening for business after September 1st of any calendar year need not apply for license until January 1st of the succeeding year. The 1965 Legislative Assembly eliminated the 50¢ filing fee and increased each license by one dollar. All collections are for the State General Fund.

STORE LICENSE TAX FEES

Wholesale Store—Each Store.....	\$ 38.50
Retail Mercantile Establishments	
One Store.....	\$ 6.00
Second Store.....	\$ 51.00
Third Store.....	\$ 101.00

Fiscal year 1968 - 1969.....	\$199,415.00
Licenses Issued for Period.....	11,623
Fiscal year 1969 - 1970.....	\$214,256.50
Licenses Issued for Period.....	12,440

CIGARETTE LICENSE TAX

Chapter 56, Title 84 R.C.M. 1947, requires that each dealer in cigarettes, whether wholesale or retail, obtain an annual license from the Board of Equalization before any sales are made. These licenses may be revoked by the Board. License must be returned for cancellation if cigarette sales are discontinued.

A cash bonus for Montana World War II Veterans was provided for by Initiative No. 54 above the original requirements of Chapter 56. The funds thus accrued to be financed by an additional per cigarette package tax of 2¢ above the original requirements of Chapter 56. The funds thus accrued to be credited to the World War II Veterans Compensation Fund.

The 1957 Legislature amended Initiative Measure No. 54 to provide for an honorarium payment to Montana Veterans of the Korean War. This to be financed by another additional 1¢ tax per cigarette package. Funds so collected to be credited to the War Veterans Compensation Korean Fund.

Chapter 222, 1957 Session Laws provided for an excise tax of 5¢ per cigarette package. Funds so collected are subject to an 8% discount to dealers, the remainder to be credited to the State General Fund. No discount allowable on funds collected for the War Veterans Compensation Fund.

Chapter 270, 1963 Session Laws further amended Initiative Measure No. 54 to provide for an honorarium payment to Montana Veterans of World War I, this to be financed by the continuation of the existing tax previously levied.

Chapter 318, 1967 Session Laws authorized the levy and collection of the three cent (3¢) per package cigarette tax, under Section 5606, Subsection 3 and 4, R.C.M. 1947, for the cost of constructing and remodeling state buildings and the issuance of bonds to provide funds for payments or redemption of outstanding War Veteran's Compensation Bonds issued pursuant to Initiative No. 54 and amendments thereto.

GASOLINE PRICES

In compliance with Chapter 137, Session Laws of 1957, we have listed gasoline prices as quoted in 55 cities across the nation. Column one is the tank wagon, or so-called wholesale price to the retail outlets or ordinary bulk users. Column two combines this price, with the local dealer markup to complete the retail price less tax. Column three is the combined federal and state tax applicable for each state. Column four is the sum total of the above which provides the price for the product ready for retail delivery.

Following are 1969 averages for 55 cities in cents per gallon, computed from first-of-the-month prices, as compiled in NPN (National Petroleum News). Prices are for regular-grade (house-brand) gasoline.

City and State	Dealer Tank Wagon (ex tax)	Service Station (ex tax)	Tax (incl. 4c) (state & federal)	Service Station (inc. tax)

SUMMARY OF ACTIVITIES

Space allows for only a general summary of the duties and activities of the Board of Equalization. They fall into four general fields.

- (1) Administration and supervision of all state tax laws.
- (2) Equalization as required in Section 15, Article 12, Montana Constitution.
- (3) Assessment of all intercounty property such as railroads, power lines, pipelines, airlines, and telephone lines. Also the assessment of net proceeds of mines and oil production.
- (4) Assessment and collection of inheritance, income, and many license taxes.

Taxable value of all property assessed by the State Board approximates 25% of the entire state taxable valuation. Sixty-five public utility assessments were made and when combined with the net proceeds assessments amounted to \$560,104,225. These intercounty properties assessed by the Board are:

Railroads	7	Pipelines	12
Power Lines	4	Airlines	4
Telephone Lines	6	R.E.A.	23
Telegraph Lines	1	R.T.A.	8

License taxes administered by the Board are:

Personal Income Tax	Cigarette Tax and License
Corporation License Tax	Electrical Energy Tax
Inheritance Tax	Natural Gas Tax
Gasoline License Tax	Telegraph Company Tax
Freight Line Tax	Contractors License Tax
Sleeping Car Tax	Chain Store License Tax
Oil Production Tax	Vermiculite License Tax
Coal License Tax	Metal Mines License Tax
Carbon Black License Tax	Telephone License Tax
Cement and Plaster License Tax	Express Companies License Tax
Contractors Gross Receipts Tax	Certificate of Number (Boats)

OIL PRODUCERS LICENSE TAX

Title 84, Chapter 22 of the Revised Codes of Montana of 1947, enacted by the Legislature of 1921 provided for a license tax in an amount equal to one per cent of the total gross value of all petroleum and other mineral crude oils produced within the state, the proceeds from this act to be deposited to the credit of the general fund of the state. The Legislature of 1969 amended the law, raising the tax to 2.1%. Section 84-2202 as amended provides for 2.65% of the gross value in excess of four hundred and fifty (450) barrels per calendar quarter for each lease or unit.

July 1, 1968 through June 30, 1969.....	\$3,156,392
July 1, 1969 through June 30, 1970.....	\$3,038,492

COAL MINERS AND DEALERS LICENSE TAX

A license tax of 5¢ per ton is required by Chapter 13-14, Title 84, R.C.M. 1947, on each ton of coal mined in Montana by producers on amounts exceeding 50,000 tons. A like amount per ton is also required on all coal shipped into and sold within the state.

Collections are for the General Fund.

	From Producers	From Dealers	Total
Tax collected July 1, 1968 through June 30, 1969.....	\$18,743.68	\$361.87	\$19,105.55
Tax collected July 1, 1969 through June 30, 1970.....	\$49,966.01	\$334.03	\$50,300.04

CEMENT AND PLASTER PRODUCERS AND DEALERS LICENSE TAX

A license tax of 4¢ per three hundred seventy-six pound barrel of cement as well as a 5¢ per ton license tax on all gypsum or cement plaster manufactured within Montana is required by Chapter 12, Title 12, R.C.M. 1947. A like amount is required on all cement, plaster, or gypsum imported into the state, for sale or use.

All funds so collected go to the State General Fund.

	Manufacturers	Dealers	Total
July 1, 1968 through June 30, 1969.....	\$106,762.18	\$3,584.40	\$110,310.58
July 1, 1969 through June 30, 1970.....	\$120,644.13	\$2,341.66	\$122,985.79

VERMICULITE LICENSE TAX

A license tax of 5¢ per ton of concentrate produced in Montana is required by Chapter 50, Session Laws 1951. All funds are deposited to the General Fund.

	Tons Produced	Tax Collected
July 1, 1968 through June 30, 1969.....	168,655	\$8,433.24
July 1, 1969 through June 30, 1970.....	174,120	\$8,705.99

TELEGRAPH LICENSE TAX

Under the provisions of Title 84, Chapter 25, Revised Codes of Montana, 1947, a license tax of two per cent of intrastate income is imposed upon the operators of telegraph lines for the privilege of engaging in such business. One company reported under this Act, and paid taxes which amounted to a total of \$497.52 during the fiscal year ended June 30, 1969, and \$404.96 during the fiscal year ended June 30, 1970.

TELEPHONE LICENSE TAX

A license tax of 1.725% on all gross income, less \$250.00 per calendar quarter, is required by Chapter 7, Extraordinary Session Laws 1969 on revenue received from all telephone business conducted within State whether by individual, partnership, corporation, or co-operative association. Same smaller telephone companies are exempt from the tax because gross income does not exceed the quarterly allowance.

Taxes are due quarterly and credited to the State General Fund.

Collection total:

July 1, 1968 through June 30, 1969.....	\$572,792
July 1, 1969 through June 30, 1970.....	\$674,157

PUBLIC CONTRACTORS LICENSE

All contractors before submitting bids for contracts with the State or its political subdivisions must comply with Chapter 35, Title 84, R.C.M. 1947, by obtaining a license. Licenses are divided into three classes and may be renewed before March 1st of the year at 50% of the original fee. All monies so collected are credited to the General Fund.

Class A.....	Contract of any amount.....	\$200.00
Class B.....	Contract limit of \$50,000.....	\$100.00
Class C.....	Contract limit of \$25,000.....	\$ 10.00

Fees Collected.....	\$ 8,450	\$ 9,177

DISTRIBUTOR'S GASOLINE LICENSE TAX ACT

Chapter 369 Laws of 1969, provides for a distributor's gasoline license tax equal to seven cents per gallon on all gasoline manufactured and sold within the state and on all gasoline shipped into the state. Effective July 1, 1969, the gasoline license tax was increased to seven cents per gallon. The percentage deposited to the State Parks Earmarked Revenue Account is six-tenth of one percent of the gasoline tax collected. The remainder, less one cent per gallon on all aviation gasoline and all lawful claims for refund on gasoline used for off-highway purchases, is deposited to the Highway Earmarked Revenue Account.

Gasoline License Taxes — after aviation tax and 2% allowance deductions, (including penalty & interest)

Various other expenses such as Administrative Costs and other information pertinent to the Highway Department will be covered by the report of the Highway Department.

Tax increased July 1, 1949 to six cents.

Tax increased April 1, 1955 to seven cents on gasoline, nine cents on diesel fuel.

Tax decreased January 16, 1958 to six cents on gasoline.

Tax increased July 1, 1967 to six and one-half cents.

Tax increased July 1, 1969 to seven cents.

Taxation of Mines

At the time of the constitutional convention, in 1889, Montana's only industries worthy of mention were metal mining and stock raising, with mining greatly predominant. Because of the peculiar character of mining property, and in recognition, perhaps, of the practical impossibility of intelligently valuing our fissure vein mines, the delegates to that convention wrote into the constitution the "net proceeds clause" providing a special method for the assessment of such property. Under this provision and subsequent legislation, mines are assessed by the county assessors at the price paid the Government therefor, and on improvements and machinery of all kinds. If the surface ground has a separate and independent value for some other purpose it is assessed at its full value for such other purpose. Net proceeds are assessed by the State Board of Equalization, such assessment being based on verified statements filed with the board by the producers and certified to the counties in which the mines are situated. The taxable value of the assessment at the price paid the Government (\$2.50 to \$20.00 per acre) and of the net proceeds assessment is 100% of the full and true value. The taxable value of the machinery, structures and appurtenances is 30% of full and true value. These assessments all take the regular levies applicable to the taxing district in which the property is located.

Coal mines, oil properties, lime rock, gypsum and other quarries and mines producing precious and semi-precious gems or stones, or any other valuable mineral or minerals, all come within the provisions of the net proceeds law and are assessed as outlined above.

Royalties

Oil and gas royalties are assessed in the name of the operator who is jointly liable with the royalty owner for the payment of the tax. The tax is payable by the operator, who may withhold an estimated amount so paid from current royalty payments. Other royalties are assessed direct to the royalty owner. Each royalty is valued at the amount received by the owner, and is assigned to Class 1, taxable at 100%.

Mines License Tax

In addition to the taxes paid on the assessments listed above, coal mine operators are required to pay directly to the state treasurer a license tax of five cents per ton on all coal mined in excess of 50,000 tons annually; oil producers pay 2.1% of the value on the first 450 barrels of all oil produced and 2.65% on the balance of production; cement manufacturers pay four cents per barrel; plaster manufacturers pay five cents per ton, and metal mines operators pay annually a tax based on the market value of the metals produced. Coal, oil, cement, and plaster license taxes are treated more fully in another part of this report.

Metal Mines License Tax

The amount of metal mines license tax is determined by the State Board of Equalization from verified reports filed by the metal producers, and in this connection the board has authority to examine the books of smelters and reduction works if it deems such examination necessary or advisable. The first \$100,000 of gross production in each year pays a tax of .15% plus \$1.00; the next \$150,000 or portion thereof pays a tax of .75 of 1%; the next \$150,000 or portion thereof pays a tax of .86 of 1%; the next \$100,000 or portion thereof pays a tax of 1.15%, and all over \$500,000 pays a tax of 1.438%.

In arriving at the market value of the metals, average quotations in *Engineering and Mining Journal* are used as a base, and from these average prices, the Montana value is determined. The same average prices govern all assessments. The amount payable by the metal producers in 1969 was \$728,208. In 1970 the amount payable is \$1,440,897. All of this revenue is credited to the general fund of the state.

CLASSIFICATION OF TAXABLE PROPERTY.**

84-301. (1999) CLASSIFICATION OF PROPERTY FOR TAXATION. For the purpose of taxation the taxable property in the state shall be classified as follows:

Class One. The annual net proceeds of all mines and mining claims, after deducting only the expenses specified and allowed by section 84-5403; also where the right to enter upon land, to explore or prospect, or dig for oil, gas, coal or mineral is reserved in land by any person or corporation, the surface title to which has passed to another, the assessor and the state and county boards of equalization shall determine the value of the right to enter upon said tract of land for the purpose of digging, exploring, or prospecting for gas, oil, coal or minerals, and the same shall be placed in this classification for the purpose of taxation.

Class Two. All household goods and furniture, including clocks, musical instruments, sewing machines, wearing apparel of members of the family and all personal property actually used by the owner for personal and domestic purposes, or for the furnishing or equipment of the family residence; all agricultural and other tools, implements and machinery, gas and other engines and boilers, threshing machines and outfits used therewith, automobiles, motor trucks and other power-driven cars, vehicles of all kinds except mobile homes, boats and all watercraft, harness, saddlery and robes and except as provided in Class Five [b] of this section, all poles, lines, transformers, transformer stations, meters, tools, improvements, machinery and other property used and owned by all persons, firms, corporations, and other organizations which are engaged in the business of furnishing telephone communications, exclusively to rural areas, or to rural areas and cities and towns provided that any such city or town has a population of eight hundred (800) persons or less; and provided further, that the average circuit miles for each station on the system is more than one and one-quarter (1¼) miles.

Class Three. Livestock, poultry and the unprocessed products of both; stocks of merchandise of all sorts, together with furniture and fixtures used therewith, except mobile homes, and all office or hotel furniture and fixtures.

Class Four. (a) All land, town and city lots, with improvements, and all trailers affixed to land owned, leased, or under contract of purchase by the trailer owner, manufacturing and mining machinery, fixtures and supplies, except as otherwise provided by the Constitution of Montana, and except as such property may be included in Class Five or Class Seven.

(b) Mobile homes without regard to the ownership of the land upon which they are situated, except those held by a distributor or dealer of mobile homes as part of his stock in trade.

Class Five. (a) All moneys and credits, secured or unsecured, including all state, county, school district and other municipal bonds, warrants and securities, without any deduction or offset; provided, however, that the term "moneys and credits" as herein used shall not embrace the moneyed capital employed in the banking business by any banking corporation or individual in this state.

(b) All poles, lines, transformers, transformer stations, meters, tools, improvements, machinery and other property used and owned by co-operative rural electrical and co-operative rural telephone associations organized under the laws of Montana.

(c) All unprocessed agricultural products either on the farm or in storage, irrespective of whether said products are owned by the elevator, warehouse or flour mill owner or company storing the same, or any other person whomsoever, and excepting livestock and poultry and the unprocessed products of both.

Class Six. Property formerly included in this class is now classified by section 84-308 of the Revised Codes of Montana, 1947.

Class Seven. (a) All new industrial property. New industrial property shall mean any new industrial plant, including land, buildings, machinery and fixtures which, in the determination of the state board of equalization, is used by a new industry during the first three (3) years of operation not having been assessed prior to July 1, 1961 within the state of Montana. New industry shall mean any person, corporation, firm, partnership, association or other group which establishes a new plant or plants in this state for the operation of a new industrial endeavor, as distinguished from a mere expansion, reorganization, or merger of an existing industry or industries. Provided, however, that new industrial property shall be limited to industries that manufacture, mill, mine, produce, process or fabricate materials, or do similar work in which capital and labor are employed and in which materials unserviceable in their natural state are extracted, processed or made fit for use or are substantially altered or treated so as to create commercial products or materials; and in no event shall the term new industrial property be included to mean property used by retail or wholesale merchants, commercial services of any type, agriculture, trades, or professions. And provided further, that new industrial property shall not be included to mean property which is used or employed in any industrial plant which has been in operation in this state for three (3) years or longer. Any person, corporation, firm, partnership, association or other group seeking to qualify its property for inclusion in this class shall make application to the state board of equalization in such manner and form as may be required by said board.

(b) Freeport merchandise. Freeport merchandise mean those stocks of merchandise manufactured or produced outside this state which are in transit through this state and consigned to a warehouse or other storage facility, public or private, within this state, for storage in transit prior to shipment to a final destination outside the state, and which have acquired a taxable situs within the state.

Stocks of merchandise do not lose their status as freeport merchandise because while in the storage facility they are assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged.

Any person, corporation, firm, partnership, association, or other group seeking to qualify its property for inclusion in this class shall make application to the state board of equalization in such manner or form as may be required by said board.

The state board of equalization shall establish standards, rules and regulations for the guidance of county assessors and assessing freeport merchandise.

Class Eight. Any improvement on real property valued at not more than seventeen thousand five hundred dollars (\$17,500), which is owned and actually occupied by a widow, with or without minor or dependent children, or by:

- (1) a widow sixty-two (62) years of age or older, whether with or without minor dependent children, or
- (2) a widow sixty-five (65) years of age or older, whether with or without minor dependent children, or
- (3) a widow with minor or dependent children regardless of age, or

(4) a recipient of retirement benefits whose income from all sources is not more than three thousand three hundred dollars (\$3,300) for a single person and four thousand five hundred dollars (\$4,500) for a married couple per annum. Provided, further, that one who applies for classification of property under this class must make an affidavit before the county assessor of the county in which said property is located, on a form as may be provided by the state board of equalization supplied without cost to the applicant, as to his income, if applicable, as to his retirement benefits, if applicable, or, as to his marital status, if applicable, and to the fact that he or she actually occupies such improvements with right of the county welfare board to investigate the applicant, on the completion of the form, as to answers given on the form. Provided, further, that the value of said property shall not increase during the life of the recipient of retirement benefits or widow or widower covered under this class.

Class Nine. All property not included in the eight (8) preceding classes.

84-302. (2000) BASIS FOR IMPOSITION OF TAXES. As a basis for the imposition of taxes upon the different classes of property specified in the preceding section, a percentage of the true and full value of the property of each class shall be taken as follows:

- Class 1. One hundred per cent of its true and full value.
- Class 2. Twenty per cent of its true and full value.
- Class 3. Thirty-three and one-third per cent of its true and full value.
- Class 4. Thirty per cent of its true and full value.

- Class 5. Seven per cent of its true and full value.
- Class 6. Forty per cent of its true and full value.
- Class 7. Seven per cent of its true and full value.
- Class 8. Twenty per cent of its true and full value.
- Class 9. Forty per cent of its true and full value.
